RE: Extension of Exemption from 14 CFR § 65.75(a); Exemption No. 18448

To Whom It May Concern:

Spokane Community College (SCC), Aircraft Maintenance Technology Department operates an FAA approved Aviation Maintenance Technician School (AMTS) in Spokane, WA, under Air Agency Certificate GJ6T563N.

Petition:

SCC Aircraft Maintenance Technology Department respectfully requests an extension of the exemption from § 65.75(a) to allow the aviation maintenance technician school's (AMTS) aviation mechanic general (AMG) written test to be administered after AMTS students successfully complete the general portion of the curriculum.

Relief sought:

SCC Aircraft Maintenance Technology Department is seeking an extension of the exemption from § 65.75(a) to allow students enrolled in its Part 147 Aviation Maintenance Technician School to take aviation mechanic general (AMG) written test, after completing the corresponding portion of the curriculum, prior to meeting requirements of § 65.77.

Person(s) to be covered by the exemption:

SCC Aircraft Maintenance Technology Department, Air Agency Certificate GJ6T563N, and students enrolled in the AMTS program.

Information, views, or arguments to support the action sought:

Docket Operations

RE: Extension of Exemption from 14 CFR § 65.75(a); Exemption No.18448

Page 2 of 2

There has been no change in the original conditions and reasons relative to public interest and safety that were the basis for granting the original exemption. The requested extension of the exemption would not set a precedent, and delay in acting on this petition would be detrimental to the SCC Aviation Maintenance Technology Department and the students served by it.

Sincerely,

Andy R. Dodson
